HERRMANN, THE GREAT. Fine Show at the Opera House-The Nosses

Тежан.

The opera house was filled last night with an appreciative audience, who came to witness the bewildering and conderful feats performed by Herrmann, who probably is without a peer n the art of 'edgerdermain, although he is not the equal of the origina Herrmann. Truly, as he says, "the closer you

ook the less you see." The feat o naiming done under a strong calcius ight so you could see "just how it was one," was certainly very mystifying. The White Cake public schools are Gallup coal is seiling in San Marcial A splendid surprise was sprung upon It is estimated that there will be 600 progressing nicely and the regular at \$7 per ten. It jumped from \$5 to \$6, the audience in the second act by the tendance is larger than it has been for and then to \$7. We have not heard appearance of the five Nosses, in their susteal specialties, which had had very little previous notice. The talented muvarious musical instruments Roadmaster Mike Ganley has leased Without doubt the best of the kind ever Harry S. Comrey has returned from and is furnishing a residence for the heard in this city, and our music-lov-

 FORERUNNER OF Few realize what a deep-scated, obstinate disease Catarrh is, regarding it as a simple inflammation of nose and throat, 'title or no attention is given it. But, however insignificant it may seem at first, it Pew realize what a deep-scated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, 'ttle or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results.

The foul secretions entering the circulation poison the entire system. The atomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress, is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bosss of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment. de Creek, Colorado, where he has been
